Professional Summary

AI/ML Engineering graduate with a strong foundation in Data Science, Machine Learning, Deep Learning, and Python. Skilled in data preprocessing, exploratory data analysis, model development, evaluation, and SQL using NumPy, Pandas, Scikit-learn, PyTorch, and TensorFlow. Hands-on experience building AI/ML projects and developing data-driven solutions, with additional knowledge of Django, Git, Docker, and AWS.

Education

Sambhram Institute of Technology (VTU Affiliated) 2022 – 2026
B.E. in Artificial Intelligence & Machine Learning | CGPA: 7.9
Bengaluru, India.

Internship Experience

Data Science & Machine Learning Intern at TAKE IT SMART (OPC) PVT LTD Feb 2026 – May 2026

- Developed an **AI Data Analyst Chatbot** using **Python, Streamlit, LangChain, Groq API, and Pandas**.
- Implemented **CSV upload, natural language query processing, and automated data visualization**.
- Performed **data preprocessing, EDA, and machine learning workflows** on real-world datasets.

Projects

Gymnastics SaaS Application

Tech Stack: Django, Python, React.js, AWS, Docker, PostgreSQL, RESTful APIs, Razorpay Live
-Engineered a robust SaaS platform reducing hospital administrative workload by 40%.
- Integrated Razorpay payment system improving procurement efficiency by 30%.
- Deployed scalable AWS Docker containers achieving 99.9% uptime.
- Optimized PostgreSQL performance by 35% and reduced API latency by 25%.

Automated Defect Detection – Data Analysis Module Live

Tech Stack: PyTorch, YOLO, NumPy, Matplotlib, Django, Python

- Developed a YOLO-based ML model achieving 92% precision and 94% recall.
- Improved defect analysis efficiency by 35% through integrated data visualization.
- Developed and Managed a Django web interface enabling real-time inspection (40% faster).
- Deployment supported 10,000+ images/hour with minimal latency.

Technical Skills

- **Programming Language**: Python
- **Frameworks & Libraries**: Django, Pandas, NumPy, Seaborn, Matplotlib
- **Web Technologies**: HTML, CSS, SQL
- **Databases**: PostgreSQL, MySQL
- **Cloud & DevOps**: AWS, Docker, Git, GitHub
- **Tools**: VS Code, Power BI
- **Soft Skills**: Problem Solving, Team Collaboration, Communication, Adaptability

Certifications

- Data Analytics with Power BI Workshop - Vtricks Technologies (Nov 2023)
- Power BI and Data Visualization — Vtricks Technologies (2024)
- Cloud Infrastructure Management and Automation — Vtricks Technologies (2025)
